## Authorities

Section 504 of the Rehabilitation Act of 1973, as amended, provides that “No otherwise qualified disabled individual in the United States, as defined in section 7(6), shall, solely by reason of his disability, be excluded for the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

29 USC 794 (October 29, 1992 to the Rehabilitation Act of 1973) substitutes “a disability” for “handicaps” and “disability” for “handicap”.

49 CFR Part 27.13 (Nondiscrimination on the Basis of Disability in Programs and Activities Receiving or Benefiting from Federal Financial Assistance) states, “This part applies to each recipient of Federal financial assistance from the Department of Transportation and to each program or activity that receives or benefits from such assistance”.

49 CFR Part 28.102 (Enforcement of Nondiscrimination on the Basis of Disability in Programs or Activities Conducted by the Department of Transportation) states, “This part applies to all programs or activities conducted by the Department of Transportation except for programs and activities conducted outside the United States that do not involve individuals with disabilities in the United States.”

28 CFR Part 35 (Judicial Administration) states that: “The purpose of this part is to effectuate Subtitle A of Title II of the ADA which prohibits discrimination on the basis of disabilities by public entities.

49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs and Activities Receiving or Benefiting from Federal Financial Assistance) states, “The purpose of this part is to carry out the intent of Section 504 of the Rehabilitation Act of 1973 (29 USC 794) as amended, to the end that no otherwise qualified disabled individual in the United States shall, solely by reason of his or her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

49 CFR Part 28-140 (Employment) states that, “(a) No qualified individual with disabilities shall, on the basis of disability, be subjected to discrimination in employment under any program or activity conducted by the Department,” and “(b) The definitions, requirements, and procedures of Section 504 of the Rehabilitation Act of 1973 (29 USC 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

29 CFR Part 1613 (Equal Employment Opportunity in the Federal Government) states that: “It is the policy of the Government of the United States...to provide equal opportunity in employment for all persona to prohibit discrimination in employment because of race, color, religion, sex, or national origin and to promote the full realization of equal employment opportunity through a continuing affirmative program in each agency.”

42 USC Part 12101-12213 (The Americans with Disabilities Act of 1990) states that: “No covered entity shall discriminate against a qualified individual with a disability because of the disability of such individual in regard to job application procedures, the hiring, advancement, or discharge of employees, employee compensation, job training, and other terms, conditions, and privileges of employment.”

## FTA's Reasonable Modification Rule

In March 2015, the Federal Transit Administration issued a final rule concerning reasonable modification of transportation policies and practices. The ruling mandates that all public transit providers must make reasonable modifications/accommodations by making changes to policies, practices and procedures if needed by an individual to participate in the recipient's program or activity. Modifications will be made to avoid discrimination on the basis of disability.

The following exceptions apply:

1. When the modification/accommodations would cause a direct threat to the health or safety of others;
2. Would result in a fundamental alteration of service;
3. Without the requested modification, the individual with a disability is able to fully use the entity's services, programs, or activities for their intended purpose.

The reasonable modification rule has implications for every rural public transportation system. Disabled and elderly passengers can now request that you alter your standard operating procedures to ensure they have access to your services. For example, if your policy states that you provide curb to curb service a wheelchair bound person could request door to door service. If that request does not meet the exceptions as noted above, the accommodation should be approved.

To comply with the reasonable modification/accommodation rule, rural public transit systems receiving Section 5311 funds will have to implement the following procedures:

1. Make information about how to contact the transit system to make requests for reasonable modifications readily available to the public through the same means it uses to inform the public about its policies and practices.
2. The information shall be accessible to and usable by individuals with disabilities.
3. Designate a responsible employee to coordinate compliance.
4. Adopt procedures that incorporate due process standards and provide for the prompt and equitable resolution of requests for reasonable accommodation.
5. Individuals requesting modifications shall describe what they need in order to use the service. The request does not need to include the term "reasonable modification."

6. When possible, the request and resulting modification shall be determined prior to providing transportation service. In some circumstances, transit drivers shall make the determination to provide or deny a service modification in the field. The driver may contact transit system management before making the determination.

Rider handbooks and policy/procedural manuals must be updated to indicate the transit system is in compliance with the requirements listed above. Template complaint and complaint appeal forms will be provided by NDOT.

Please note, in 49 CFR Part 37 Subsection 37.S(h) the regulation states the following:

*It is not discrimination under this part for an entity to refuse to provide service to an individual with disabilities because that individual engages in violent, seriously disruptive, or illegal conduct or represents a direct threat to the health or safety of others. However, an entity shall not refuse to provide service to an individual with disabilities solely because the individual's disability results in appearance or involuntary behavior that may offend, annoy, or inconvenience employees of the entity or other persons.*

If you have any questions, please contact Dial-A-Ride Public Transit.

The complainant will have fifteen (15) working days from receipt of the response to appeal a denial. If no appeal is received, the reasonable modification request will be closed and no further action will be taken.

## **Complaint Appeals Process**

Dial-A-Ride Public Transit will review your appeal and respond within twenty-one (21) working days from the date of the appeals request.

The decision to allow or deny a request for reasonable modification will be based on information from the complainant and ADA regulations and exceptions to the rule. These exceptions are:

1. When the modification/accommodation would cause a direct threat to the health or safety of others;
2. Would result in a fundamental alteration of the service;
3. Would not actually be necessary in order for the individual with a disability to access the transportation entity's service; or
